Alumni Members (1969) of the project

The Victoria High School Alumni Association is indebted to the generous alumni who spent hundreds of volunteer hours scanning Vic High Camosuns so they can be more easily searched by the dedicated Alumni volunteers who manage the school's historic archive collections. The Vic High Spirit is alive and well and always will be.

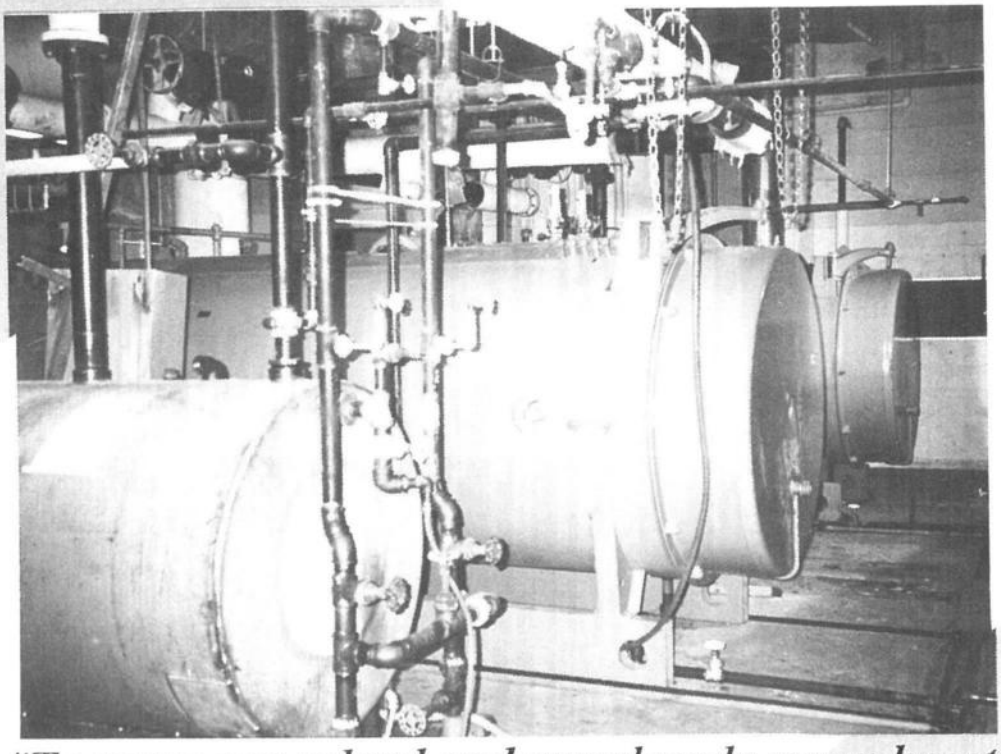
"Vic High Is Back!"

On behalf of all of us at Vic High a huge thank you to Mr. Steffanick, Mr. Twonhig, editor Sarah Brady and the yearbook staff for an exceptional record fo the 1993-94 school year.

This school year will be proudly remembered by me in a number of ways:
Our enrollment exceeded 900 students.
"Vic High is back."
The totems made the Super 25 Rankings.
"Vic High is back."
Fine Arts Night attracted 500 people.
"Vic High is back."
Trips to Hawaii and San Francisco.
"Vic High is back."
Six new courses in the timetable.
"Vic High is back."
70 students recieved exam "Honours".
"Vic High is back."

Staff, students, and parents worked together to improve the school and make Vic High the finest place to learn in the city of Victoria. Best wishes and good luck to the graduating class of 1993-94.



"To warm our school and our already warm hearts."

A CELEBRATION OF LEARNING

A CELEBRATION OF CARING

The Pathfinder Learning System

The Pathfinder Learning system is a computer managed learning system.

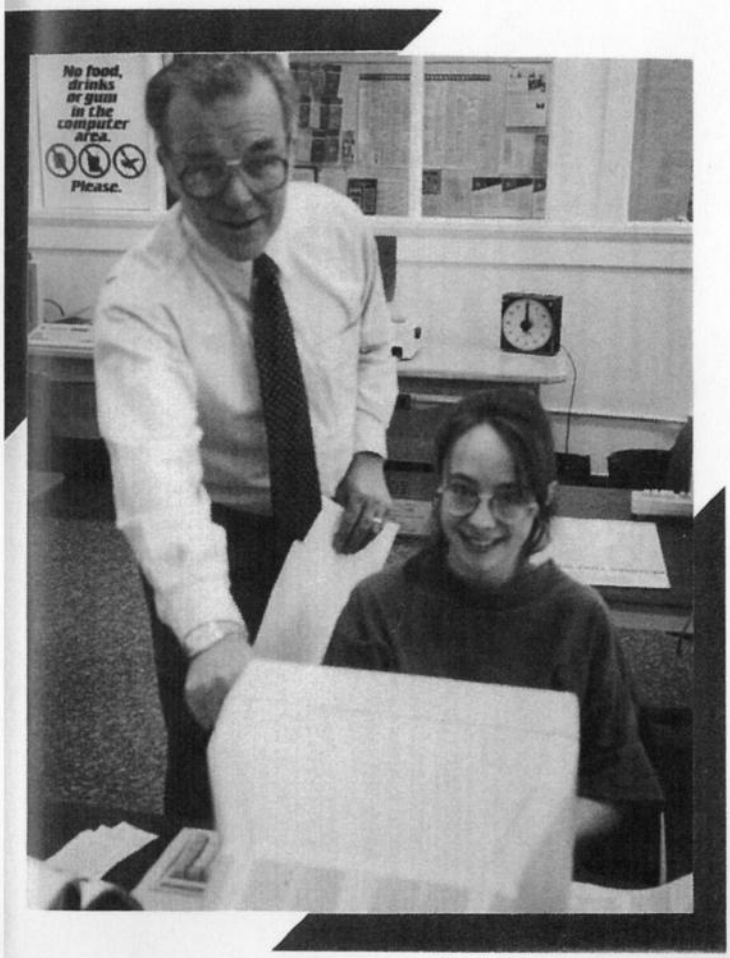
The lab uses printed, audio, video, and computer software resources in Science, Math, Employment Life, English, and Social Studies. This program is available to any registered student in Vic High and is useful for;

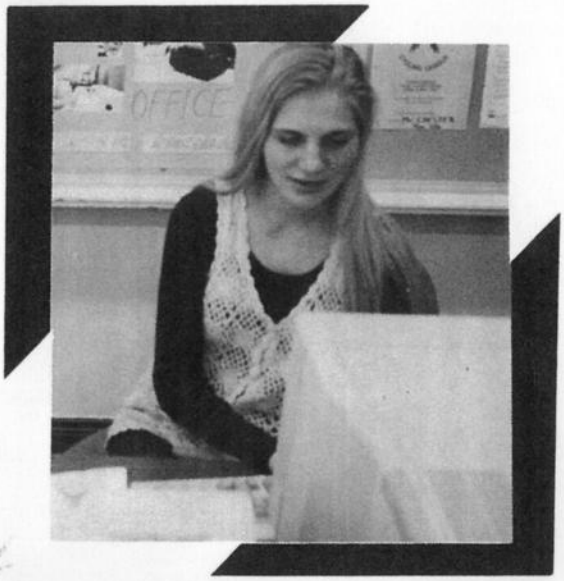
- upgrading in weak subject areas.
- adult students preparing for G.E.D.
- adult students needing general upgrading.
- extra enrichment in preparing for provincial exams.
- interest in subject areas a student is not currently able to take.

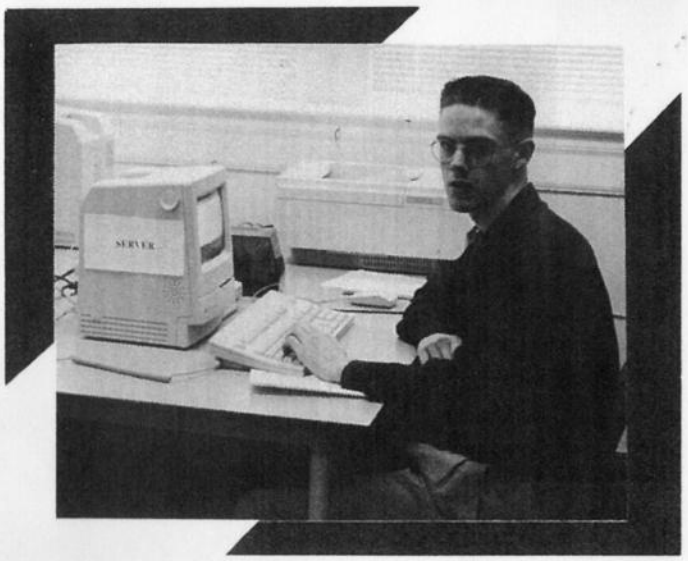
Business Education

The Business Education Department at Vic High offers a selection of courses specifically directed to prepare students for employment following graduation. The staff in this department maintains a liaison with the government and private business with the view to updating technical changes and keeping the doors open for the students.

The Business Education courses have been carefully updated through the acquisition of computers and word processing to allow the students to keep abreast of technological advances in accounting, office procedures and typing (word processing).





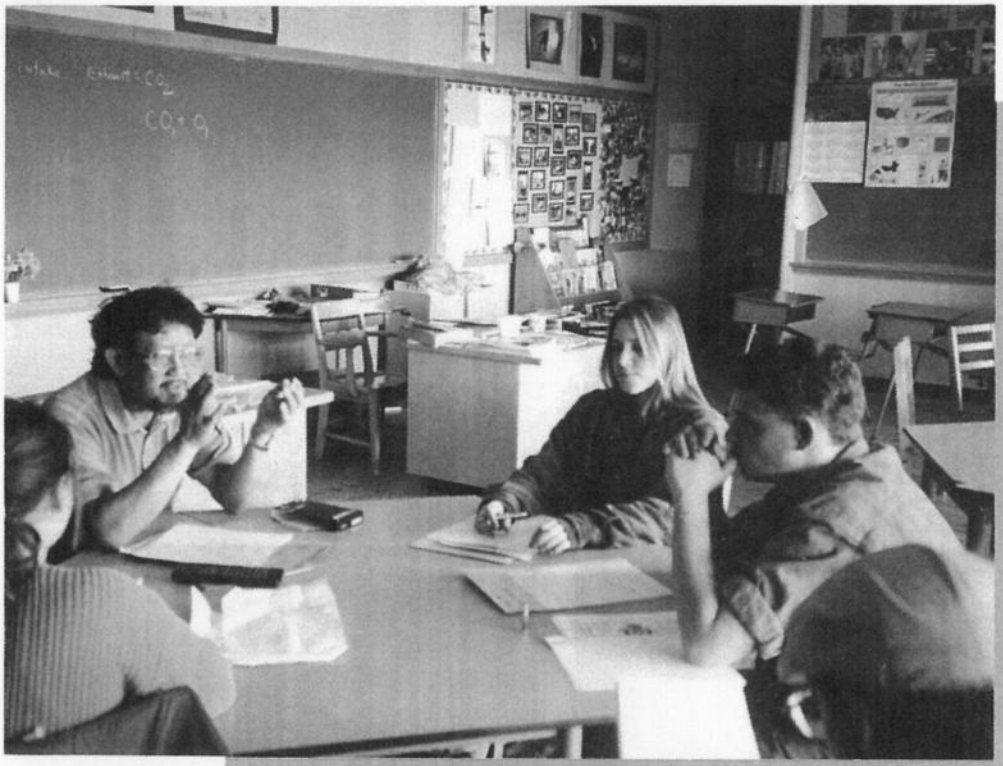


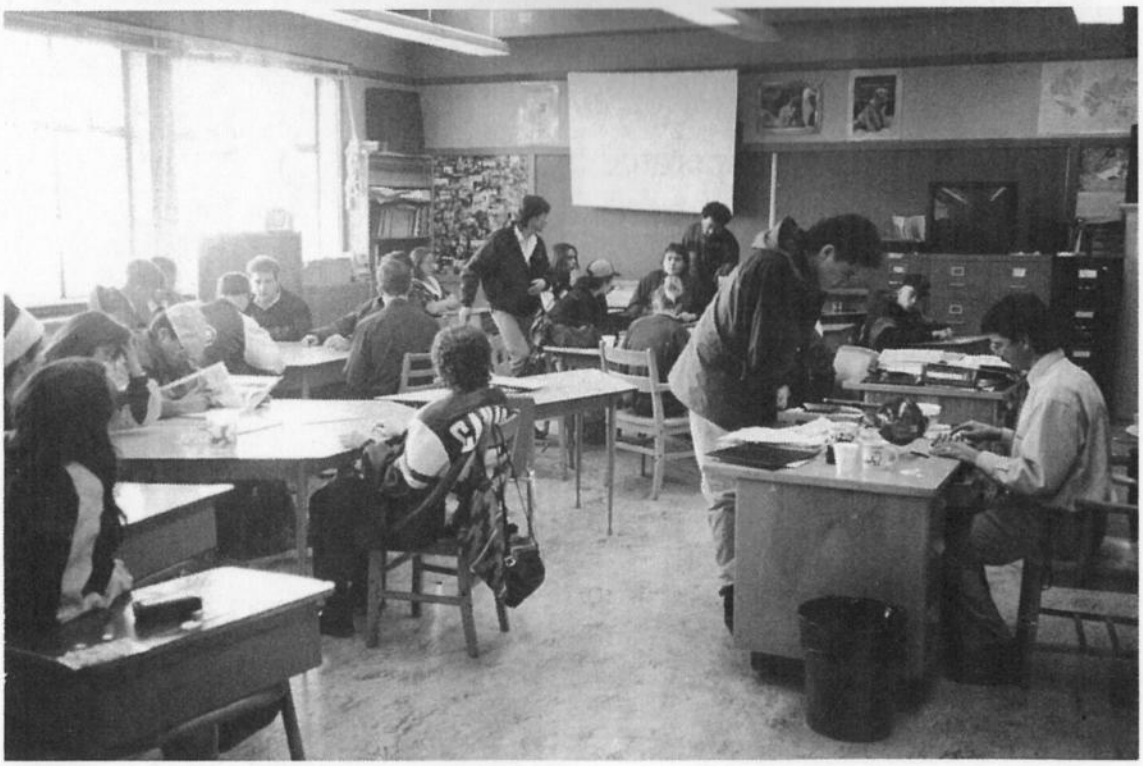
The Pre-Employment Program

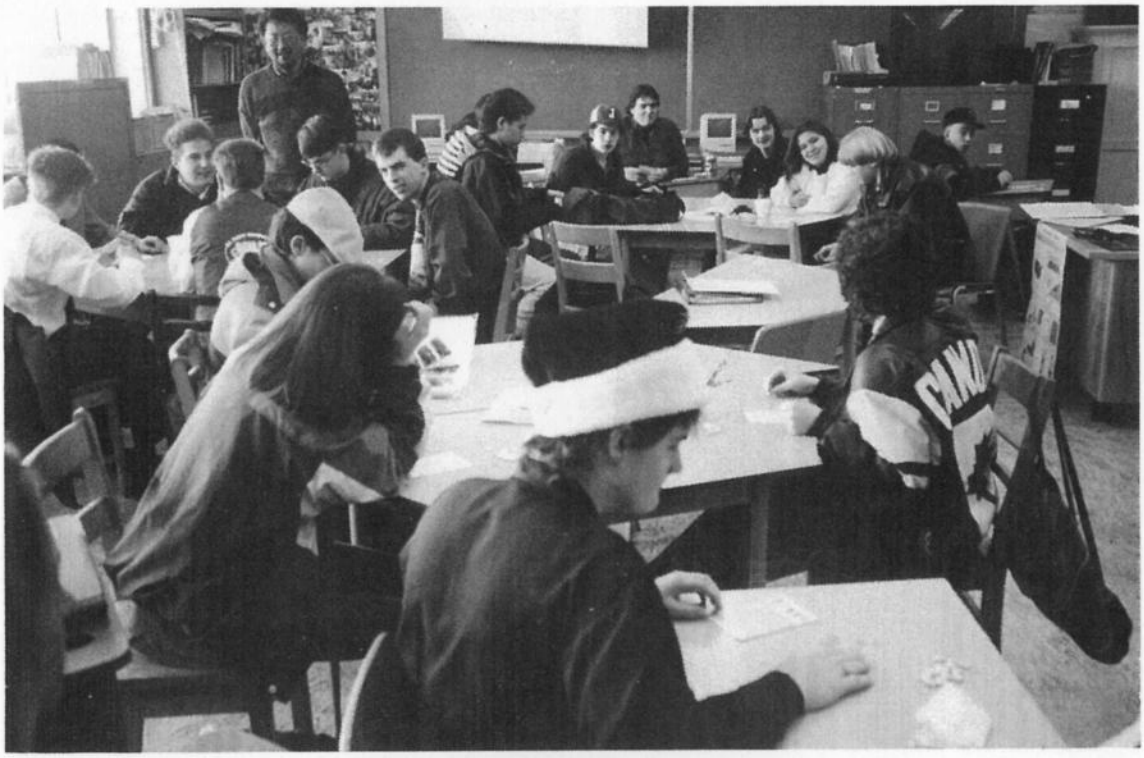
The Pre-Employment Program offered at Victoria High is designed to meet the needs of students experiencing difficulty with regular or minimum essentials academic school work.

The program is for the grade 11 or 12 student who wants to prepare for the work force. The program gives Work Experience top priorities and lets the student participate in as much school life as he or she wishes scheduling it around work experience commitments.

The program has academic areas such as English, Math, Lifeskills, and electives which each student will be able to cover.



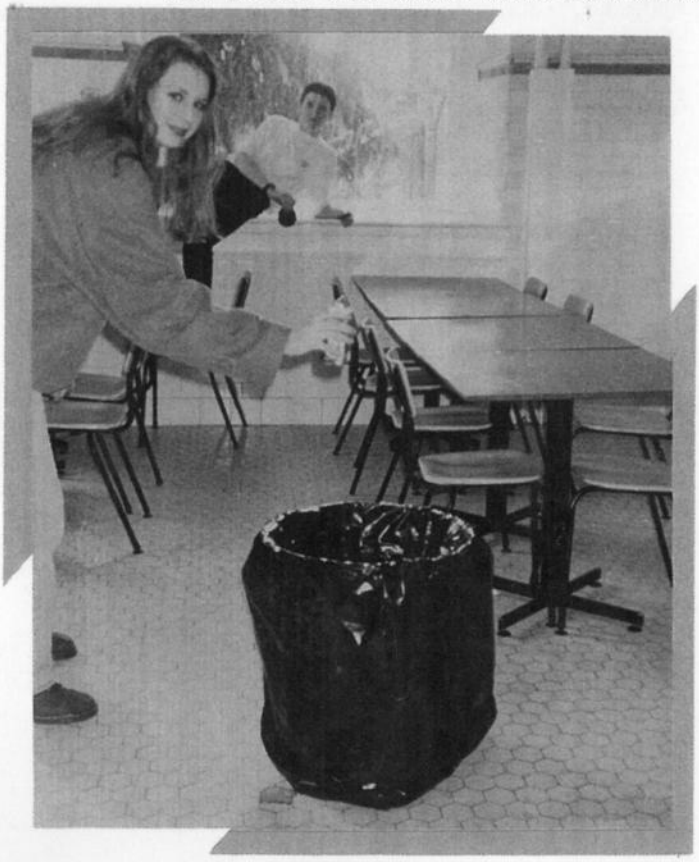


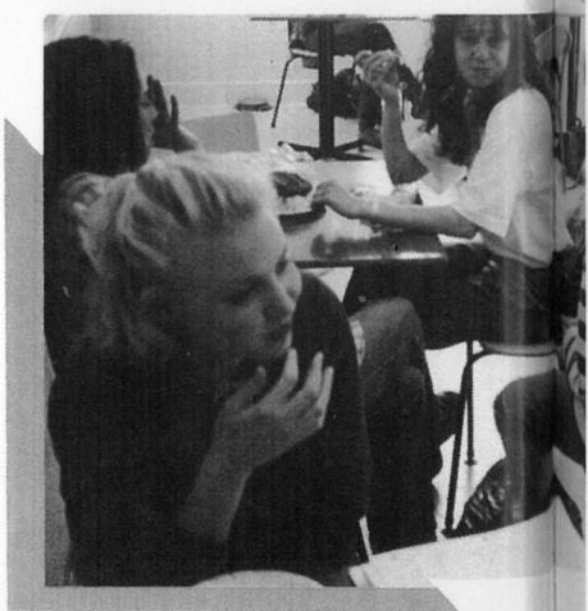


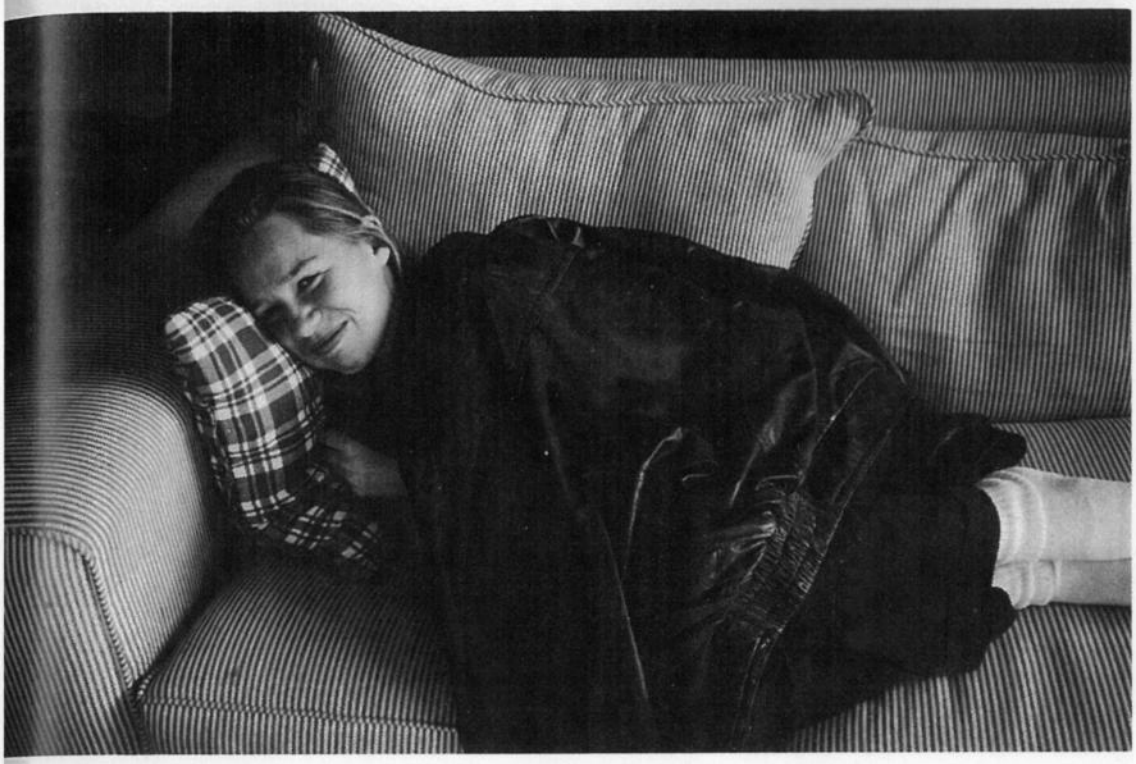
The Cafeteria

The school cafeteria is operated by the students and teachers of the Pre-Employment Program of Vic High. Light lunches are offered at reasonable prices. Coffee, juice, pop, cookies and fruit are available throughout the day. The Boy's Basketball team sells hot dogs every Friday during the lunch break.

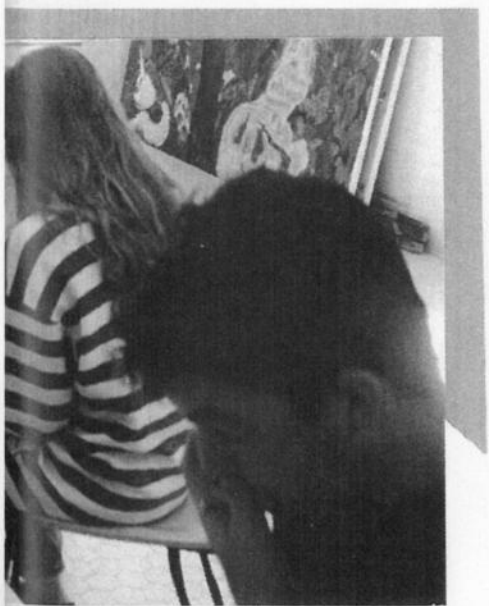
The cafeteria also includes a student lounge where music can be played and friends can get together. There is also a lunch program for those students who are unable to afford a proper meal.







A Special Place To Relax.



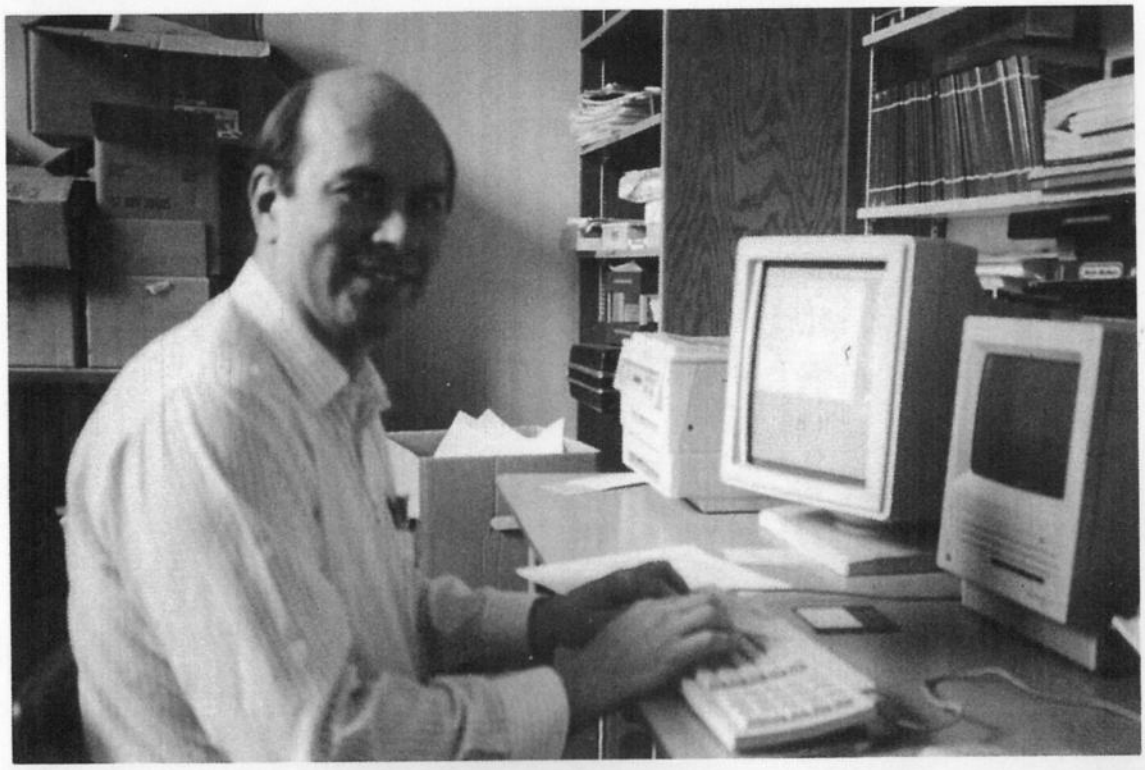
We show off our food preparation

skills in a final dinner.

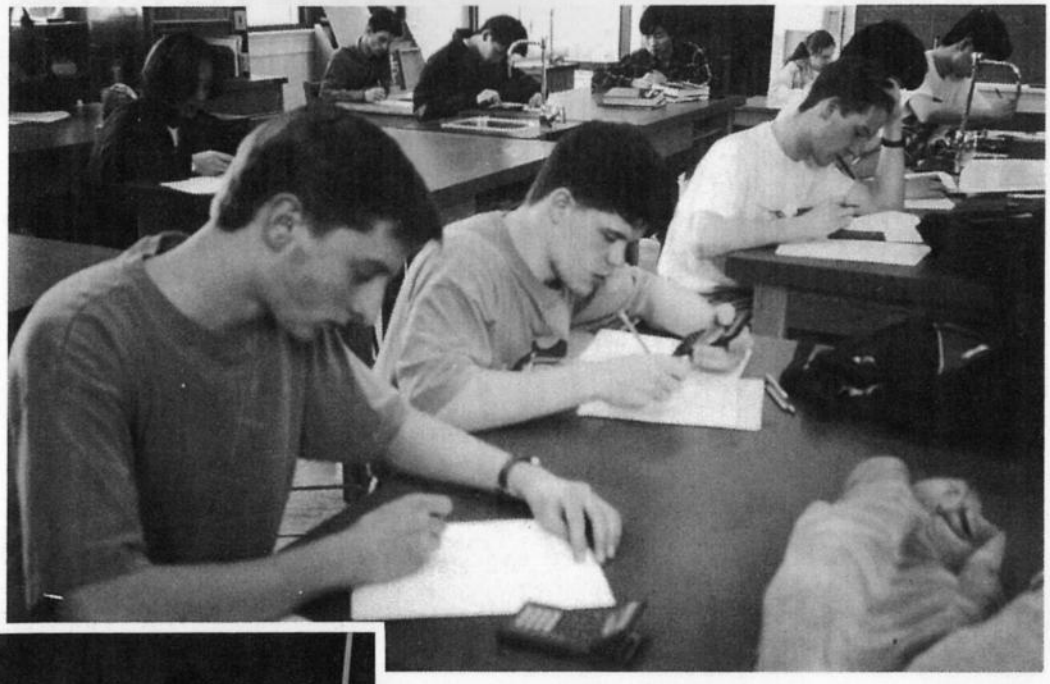
Math Deparment and Highlights

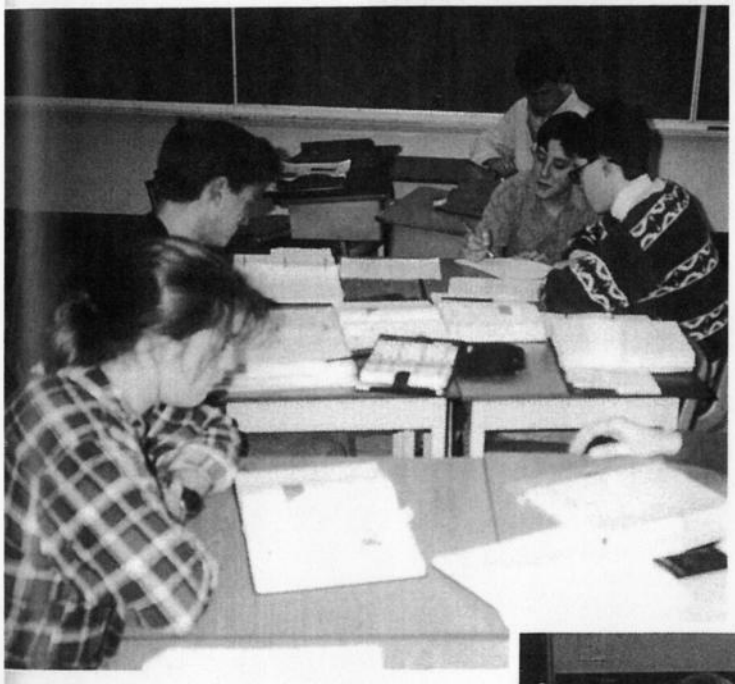
Victoria High School is fortunate to have experienced math teachers on staff who have been with the school for several years. Among the department staff of ten part time and full time teachers Cathy Blazkow and Don Mayer stand out. They have both recently completed their Masters Degree in Mathematics and Don Mayer also wrote the Survey Math 12 course for correspondence. In addition, Cathy Blazkow taught a Calculus 12/Math 12 course over the duration of both semesters.

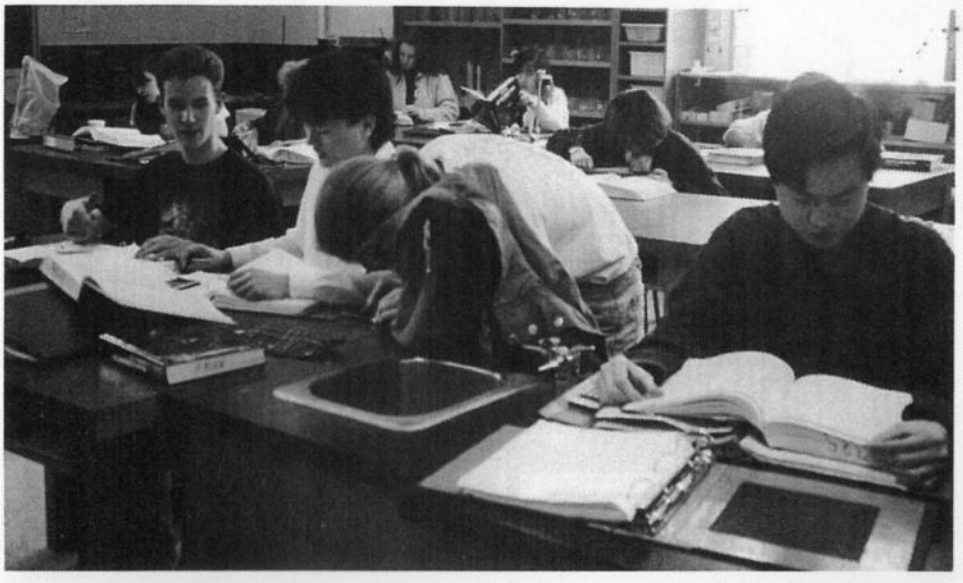
The highlight of the Math Department is the retreat held on Thetis Island at Capernwray Harbour in June from the 10-12 for Math 12 students. This retreat has about two dozen seats and is intended to provide students with some additional review before the provincial exam. Some of the activities include: Math Jeopardy, Bingo, Orienteering, a practice Provincial Exam, and of course some canoeing, water skiing, and swimming. This retreat was developed a few years ago in response to fewer instructional hours available and a demanding course load.



We expand our theoretical systems, even in class time.

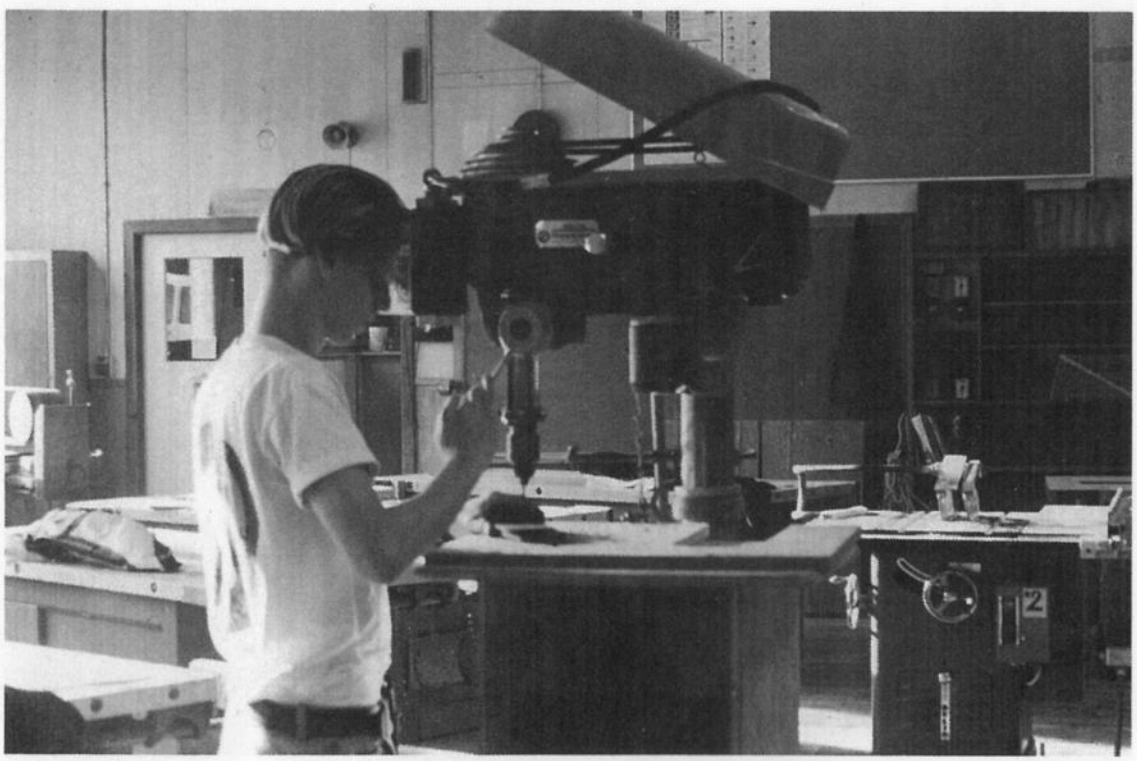




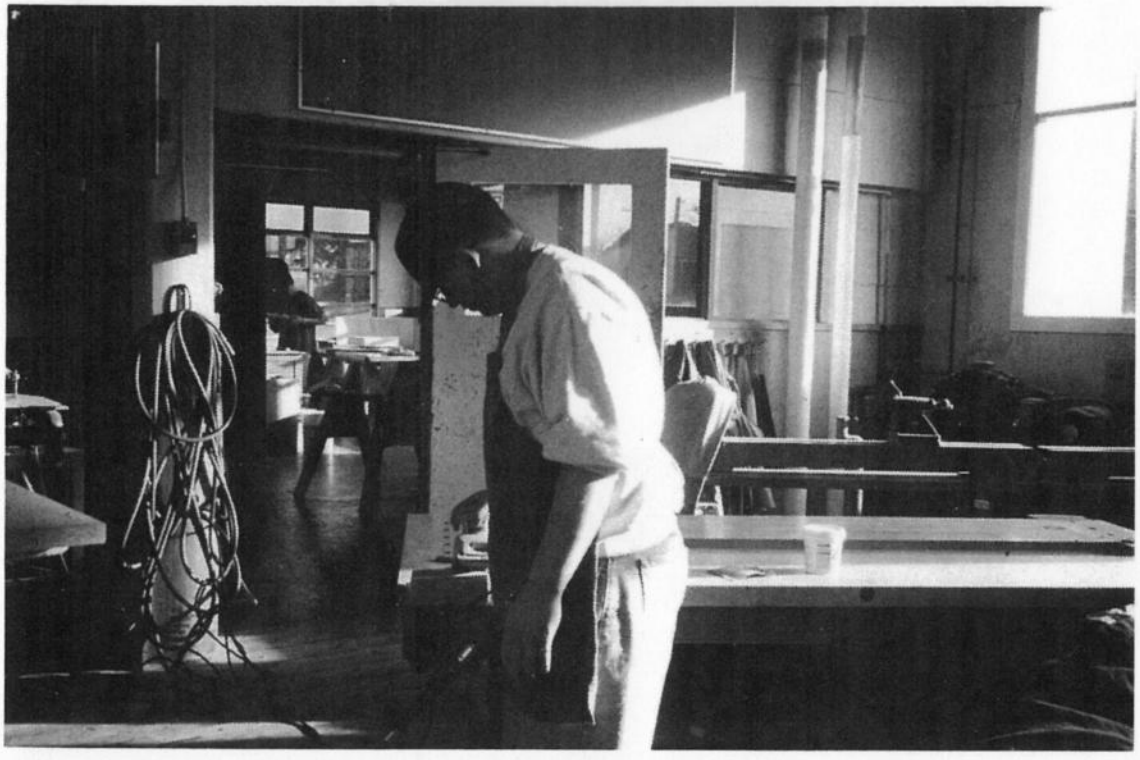


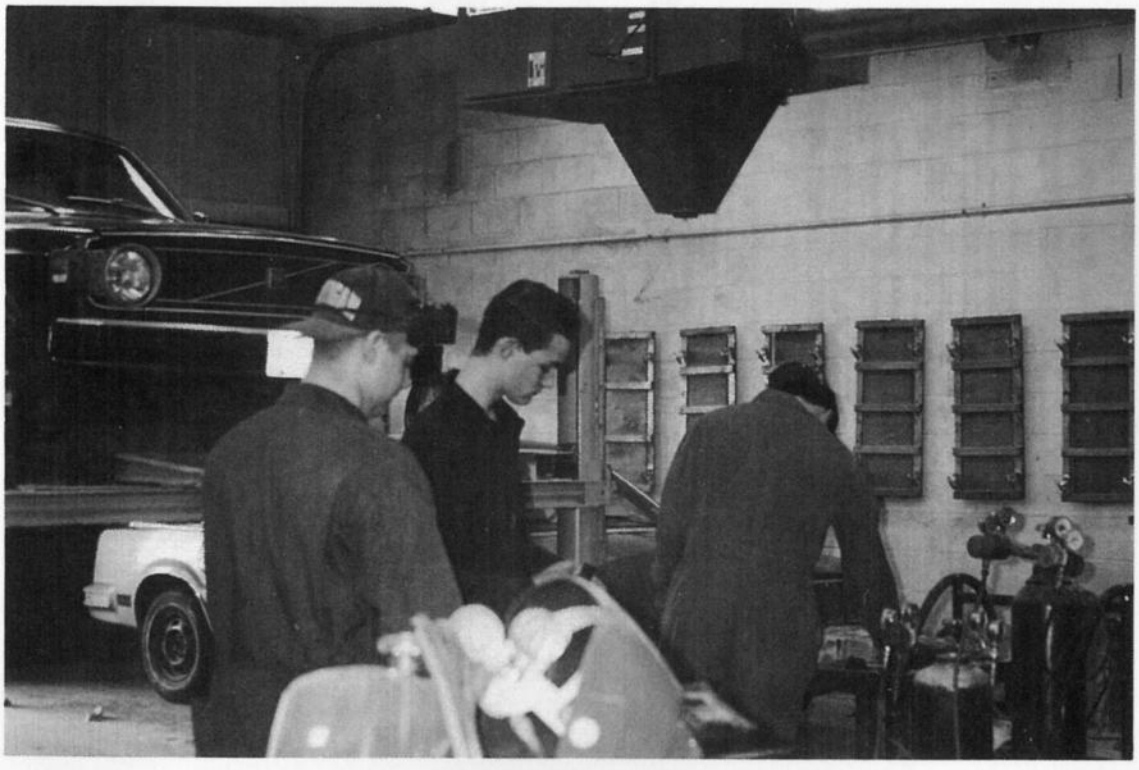
We Design And Shape Materials

With Our Hands

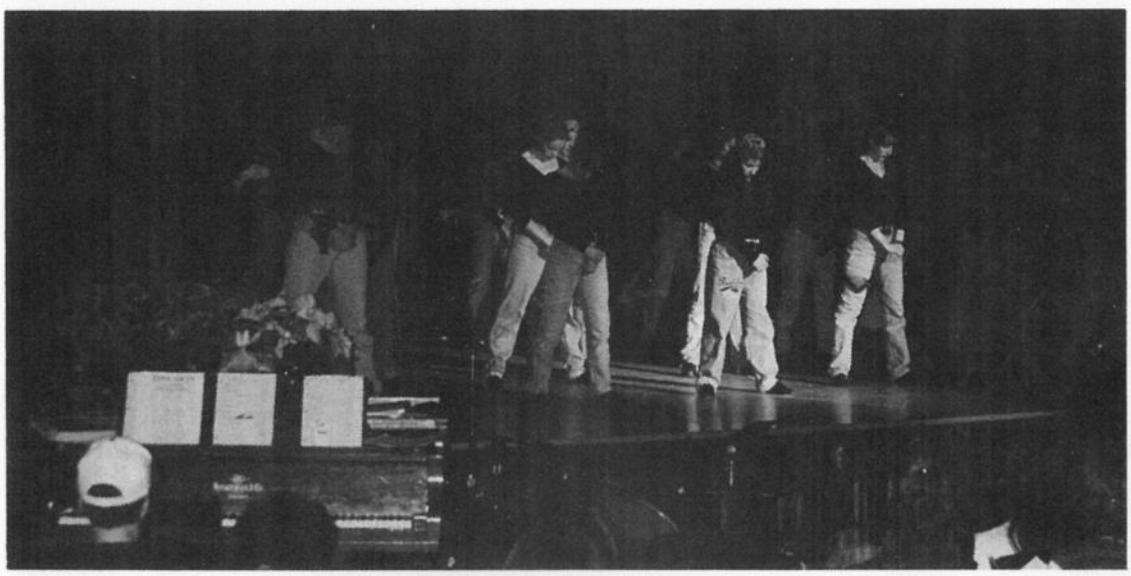


With Our Minds

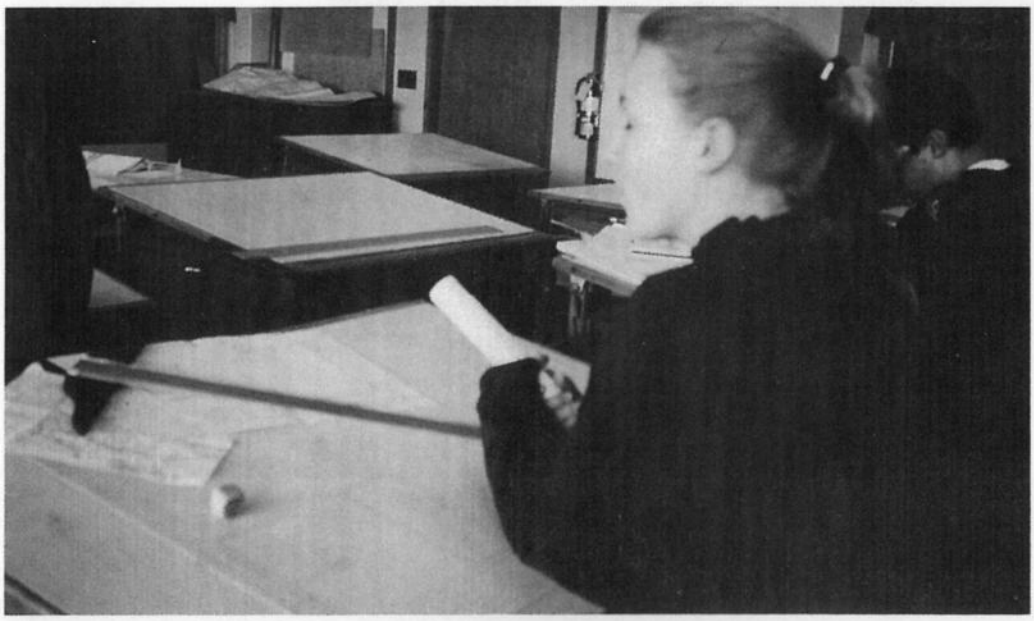




We dance and dress appropriately.

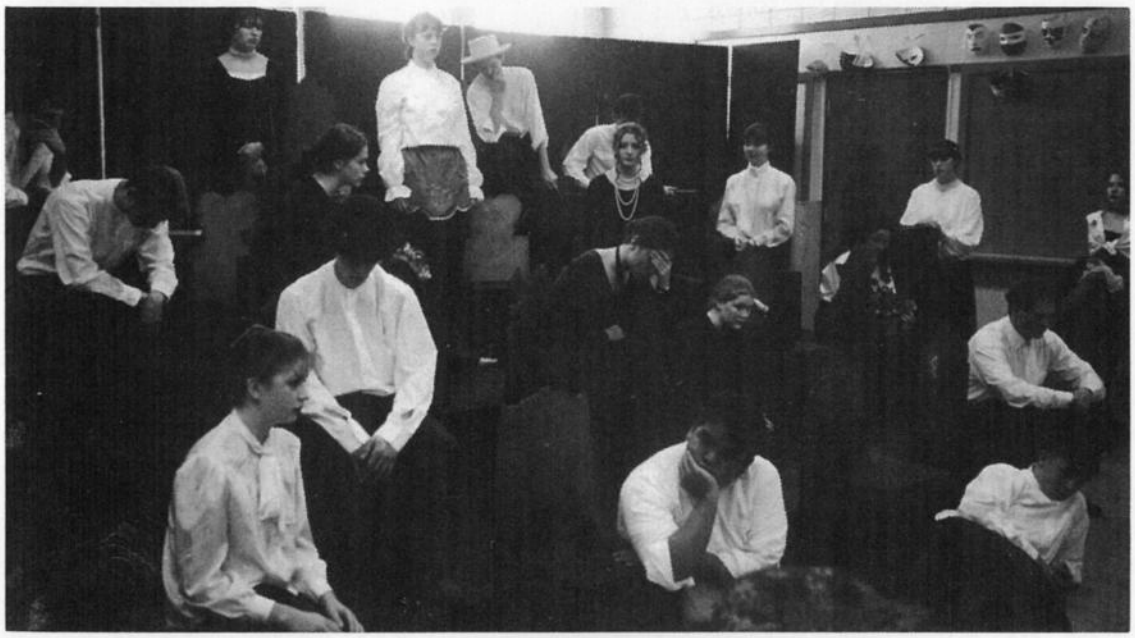


We can, and do, express ourselves visually.

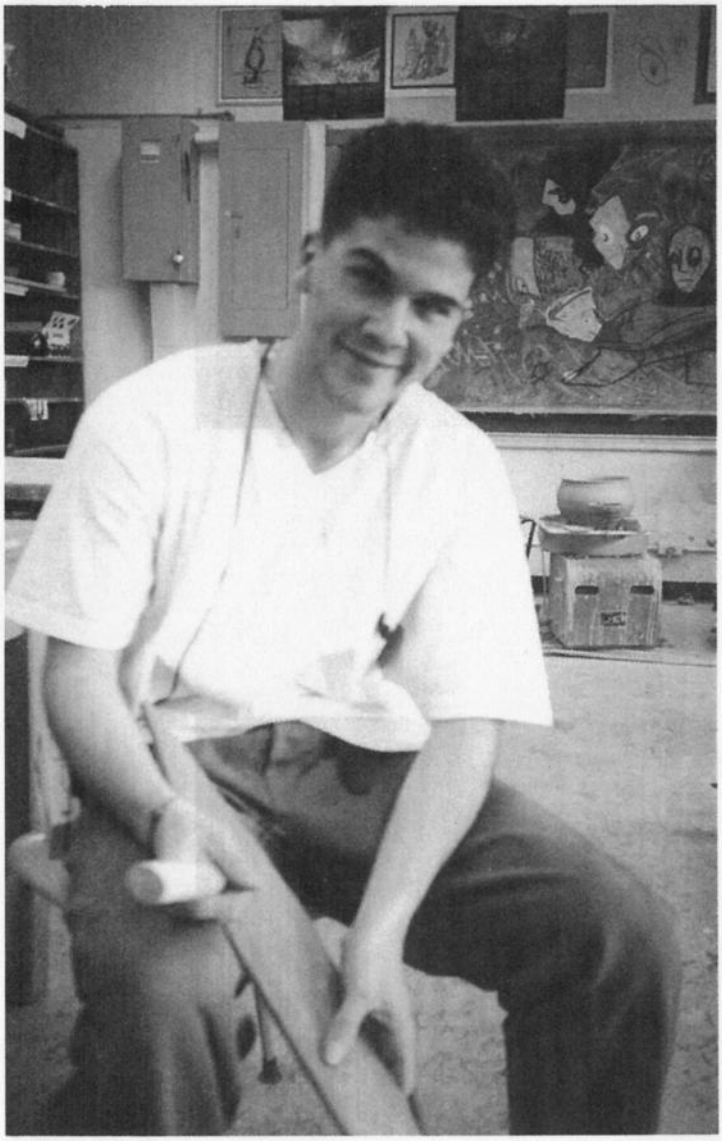


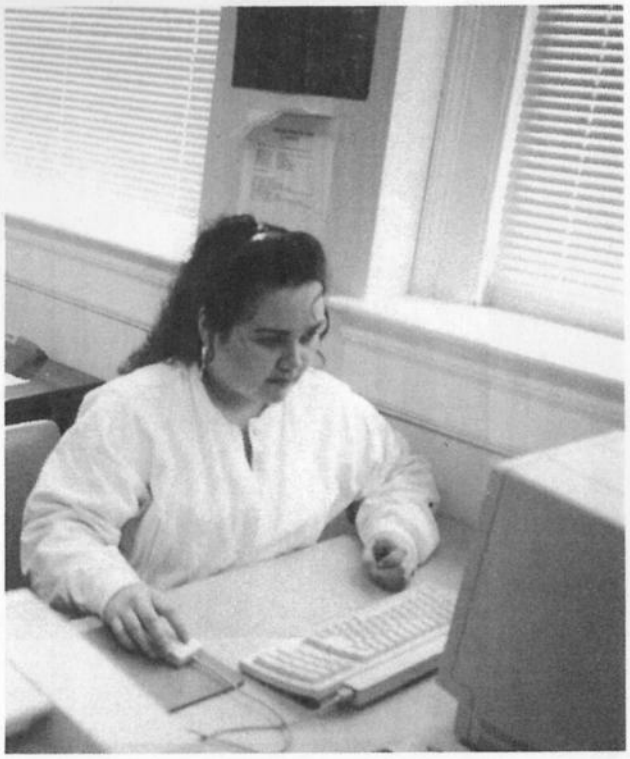
We project our voices, improvise, and are not

afraid to perform before an audience.



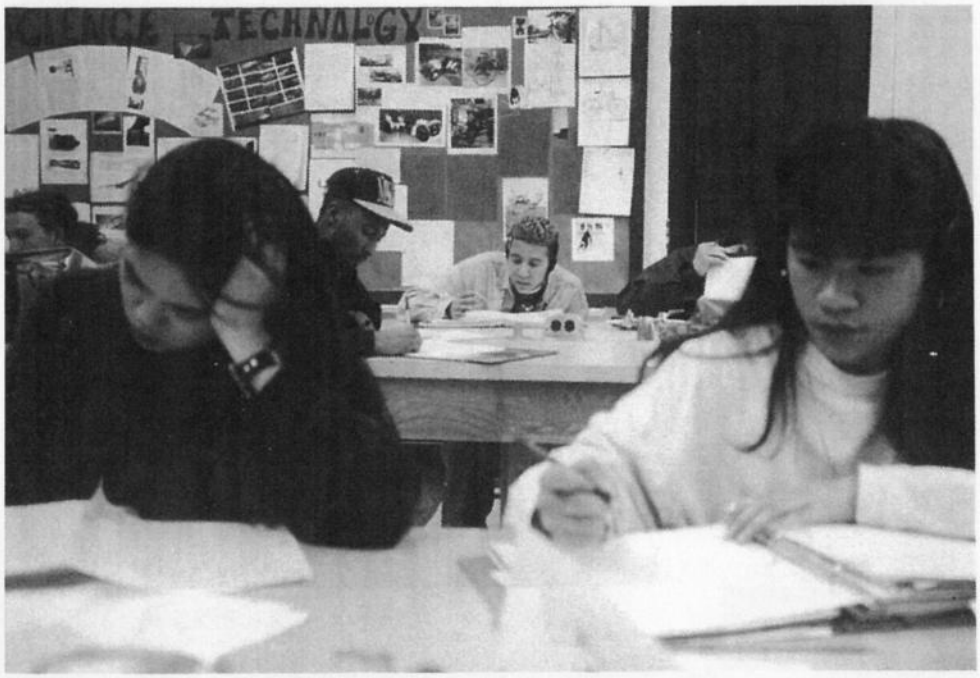
We are able to experience the rich cultural heritage and diversity of Canadian First Nations peoples.

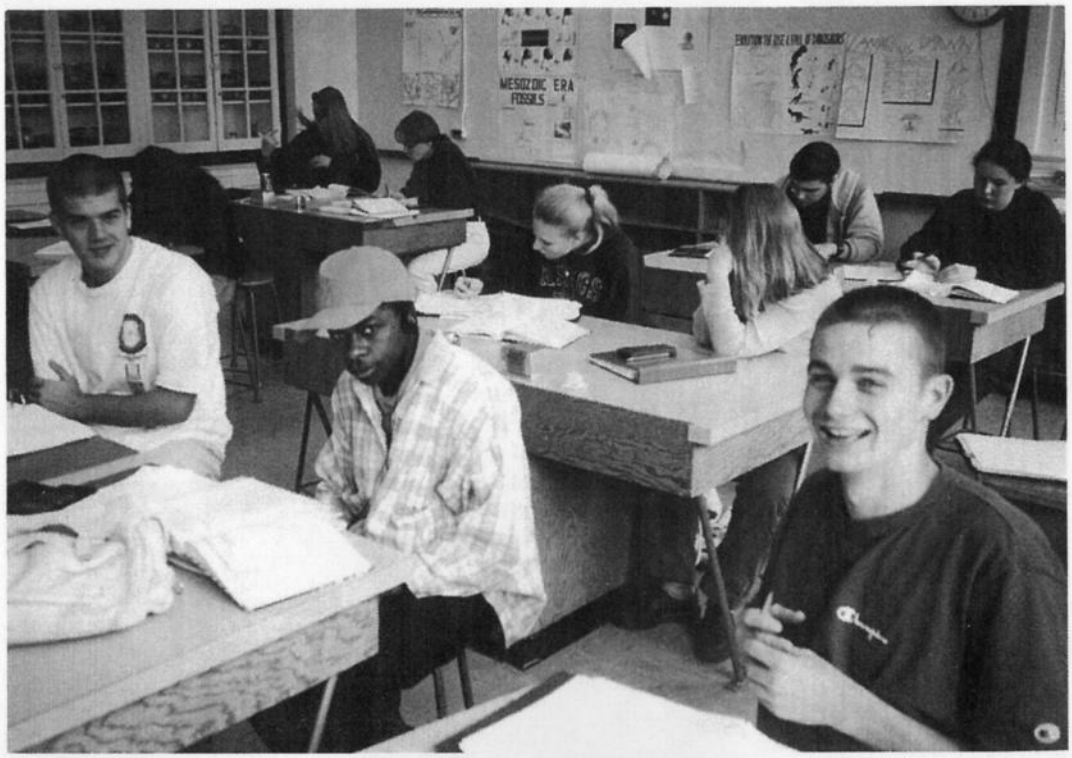




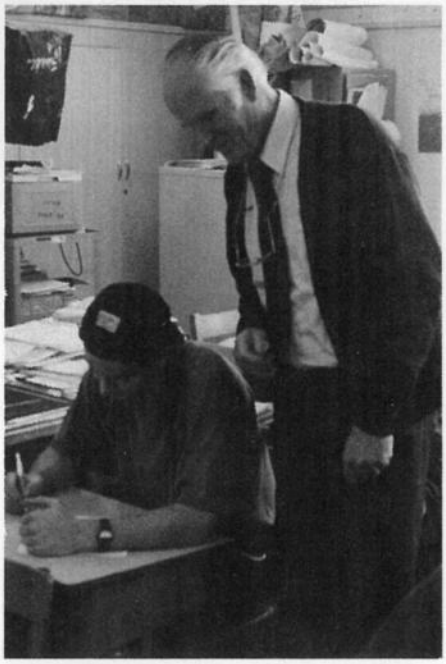
We are a compatible breed.

We experiment with fundamental scientific ideas, concepts, and theories – and, with incredible methods and principles involving words to advanced to spell correctly.



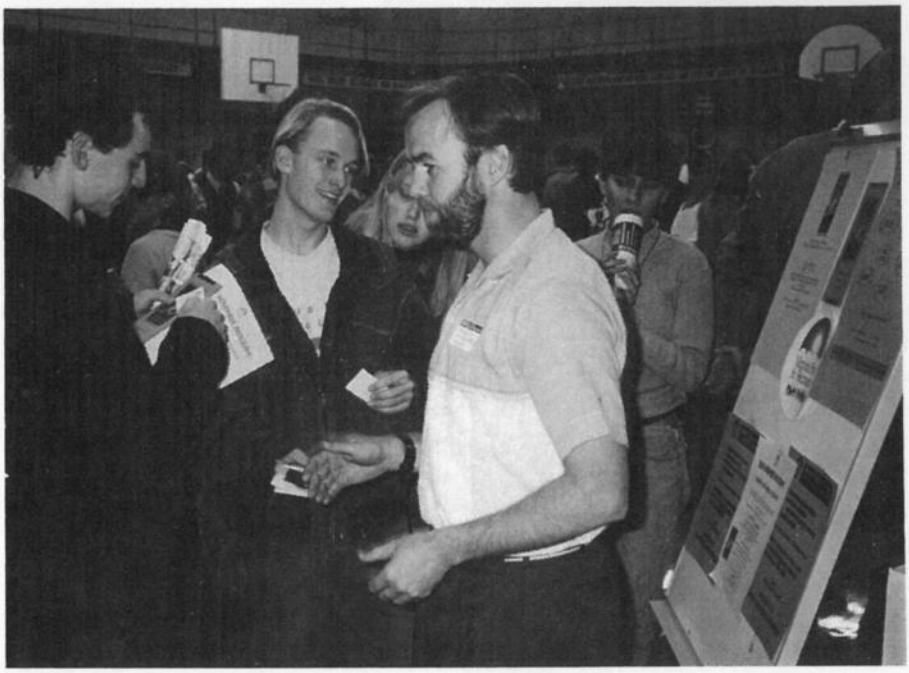


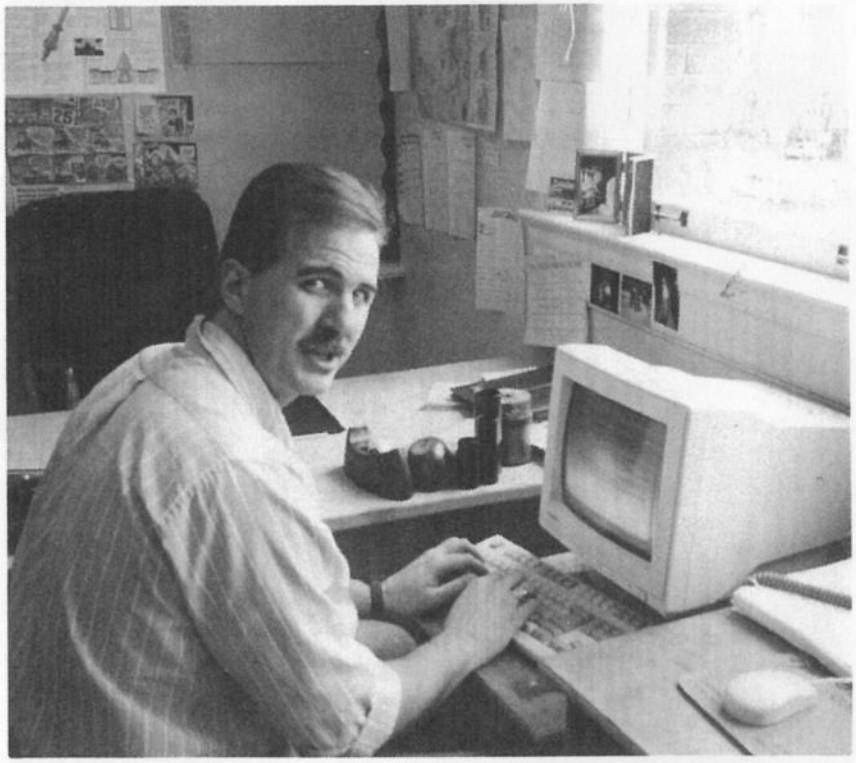
We develop listening, speaking, reading, and writing abilities in other languages.



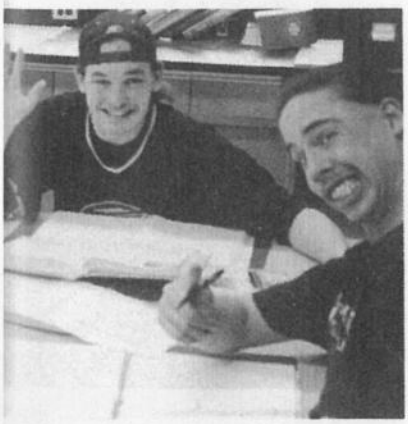
We read and write in a variety of genres.

We develop and enhance our interpersonal,



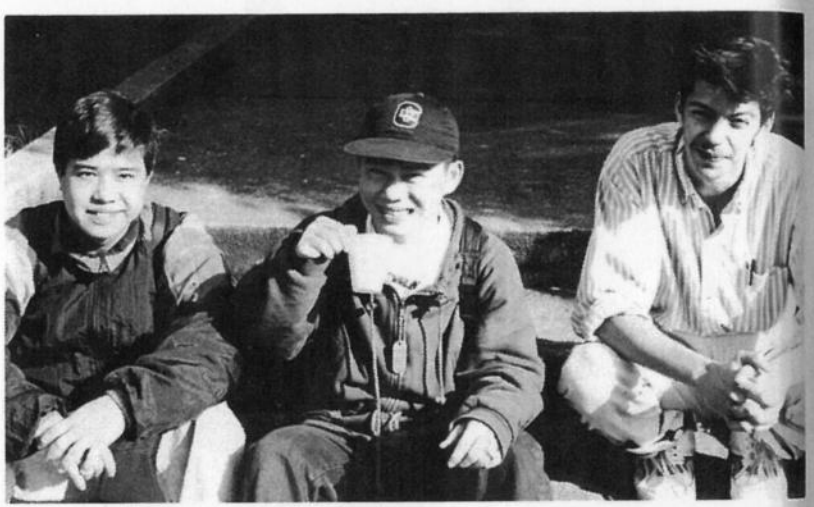


ommunication, and leadership skills.



English As A Second Language

Victoria High School provides three levels of non-credit courses for non Native English speakers who wish to learn English. This program is designed to meet the needs of beginner E.S.L. students who have not previously attended a Canadian high school. Emphasis is placed on speaking, reading, and writing, as well as field trips and acculturation projects which prove to be an important part of level one. As students progress, there is an increased emphasis on the primary components of written and spoken English. In addition, there is an intermediate level available for students who are not quite ready for Communications 11L and Writing 11L, which are credit courses that count towards their graduation. Furthermore, a non-credit Arithmetic Tutorial is available for students who have not studied sufficient mathematics in their country of origin to successfully complete Math 10A. For grade 12 E.S.L. students there is also Communications 12L available for a graduating credit and a T.O.E.F.L. non-credit Tutorial class designed to prepare students for the T.O.E.F.L. exam for university entrance.



The E.S.L. students have been involved in some of the following activities:

-an E.S.L. Fun Night in September
-a tour of Craigdarroch Castle
-a "Tourist in your own town" tour
-a trip to Goldstream Park
-an international lunch with Mrs. Nemeth
-a visit to a Hindi temple
-a tour of China-town
-a group breakfast
-and iceskating at the Oak Bay recreation Center

A Future For E.S.L. Adult Students

My name is Sushil Hira and I am from India. I have been in Canada for two years. I have been going to school here for one and a half years, participating in E.S.L. (English a Second Language) classes. I am writing the following story about my concern for the future of the E.S.L. adult students.

In September, 1993, the government stopped funding E.S.L. adult students and as a result thirty-nine students were removed from Vic High according to government policy. I was one of them. Previous to this happening the provincial government was paying for E.S.L. adult students who wanted to graduate from high school. Suddenly they stopped paying for this. The provincial government wants the federal government to pay this funding. However, the federal government does not agree and consequently they are fighting about it.

Some students left the school frustrated, others were in tears, but most of the students were angry. The same day of our removal, my friends, myself and some other students got together and we went to *The Times Colonist*, CHEK TV, and the head office of the E.S.L. departmment. Tony, Dalawer, Amanpreet, Balwinder, Bogna, Brieta, Magdalena, Elizabeth, and some other students who were not removed also came along for support.

The Inter-Cultural Association (ICA) helped us a lot. They went with us to all the meetings we had during that time.

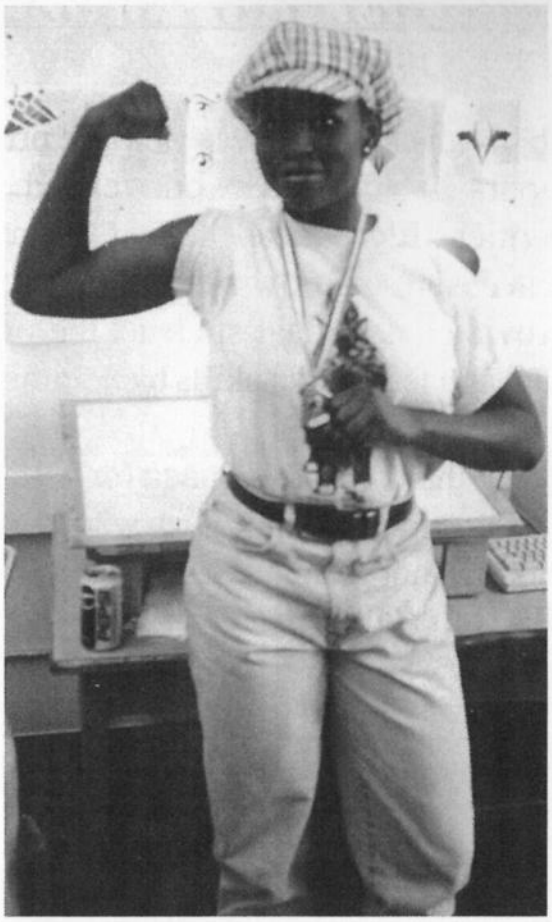
There are many immigrants in Canada. If the government won't give them an education, how are they going to live here? If they can't speak English they can't talk to anybody else unless that person knows their language. Also they can not get a job. In this situation Canada is going to be poorer because if the immigrants can't get jobs, then theywill have to go on welfare. The government will have to pay even more money every month than they are already paying now. If, however, people are given the opportunity to learn English they can be productive citizens, thus contributing not only their services but also their taxes to Canada.

We had a meeting at S.J. Willis school. Attending the meeting were: the principal of Victoria High School, School Board members, John Frost and Liz Bloomfield from ICA, a member of the Ministry who pays ICA, and Lisa from Camosun College. After this meeting we came to school and got a message that the ICA was going to fund us, and that we would be able to attend classes for the remainder of the year. I am still worried about next year's funding because ICA is only paying for this year and there are many students that could be hurt if no further funding becomes available.

Sushil Hira

SPORTS CLUBS ACTIVITIES

STUDENT COUNCIL



Trawala Whitehouse set the tone for our clubs, sports, and activities with her gold medal performance in provincial wrestling. Trawala was B. C.'s top female high-school wrestler in 1993-94. Our student council and grad committee followed her lead.

Student Council has enjoyed a year of triumphs and of other unmentionables! Some notable triumphs include the Santa Claus Breakfast, Halloween Dance, and Christmas Week. Oh, and please let's not forget our bagel breakfast!! Student's Council also needs to thank all the teachers who helped out at all of our dances, and were so supportive about all of our other activities. A HUGE special thanks and hugs to Mr. Dilay and Ms. Sobaszek who kept us on track and helped us out with our ideas and whatever else we needed. One last word from the president- It was a fun year guys, and I really learned a lot. I wish everyone the best of luck next year and remember school spirit is alive. I love Vic High. Thanks everyone.

VIC HIGH

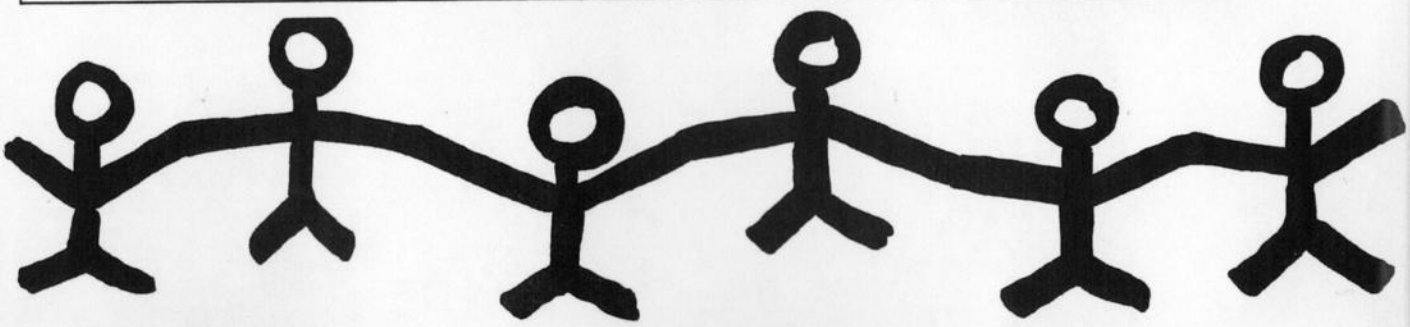
This year's Grad Committee consisted of;
Cindy Bedi, Robbin Healey, Serena Weisgner, Jody Isaac, Sara Doherty, Tracy Klat, Allisa Jones, My Phung, April Clarke, Jen Lindley, Oliver Delorie, Steve Murphy, and Lori Broome

STUDENTS HELPING STUDENTS

This year 41 students were involved in the Peer Helping program. Together they completed about 7,000 hours in volunteer work related to either community projects and/or school activities . In the areas of Peer Counselling, Peer Tutoring and Leadership the students design their own program related to their individual skills and interests . It provides individual students the opportunity to develop interpersonal, organizational and leadership skills by helping their peers within the school and community.

The Peer Helpers would like to thank Mrs.Neumann for her patience and guidance. Also to the 41 dedicated students in the program we want you to know that all your time, energy and hard work has not gone unnoticed.

You all did a great job. THANK YOU !!!!



SKY CLUB

This year's members include: Sara Franco, Larra Daley, Amelia Colussi (co-president), Tanya Finley, Sherri Spence, Yi Ching Chung, Susan Yerex, Jane Nguyen, Magdalena Planeta, Jaylene Asahan, Jasbir Shokar, and Marilyn Chow. Our sponsors were: Mrs. Blazkow, Mrs. Nemeth, and Mrs. Starr.

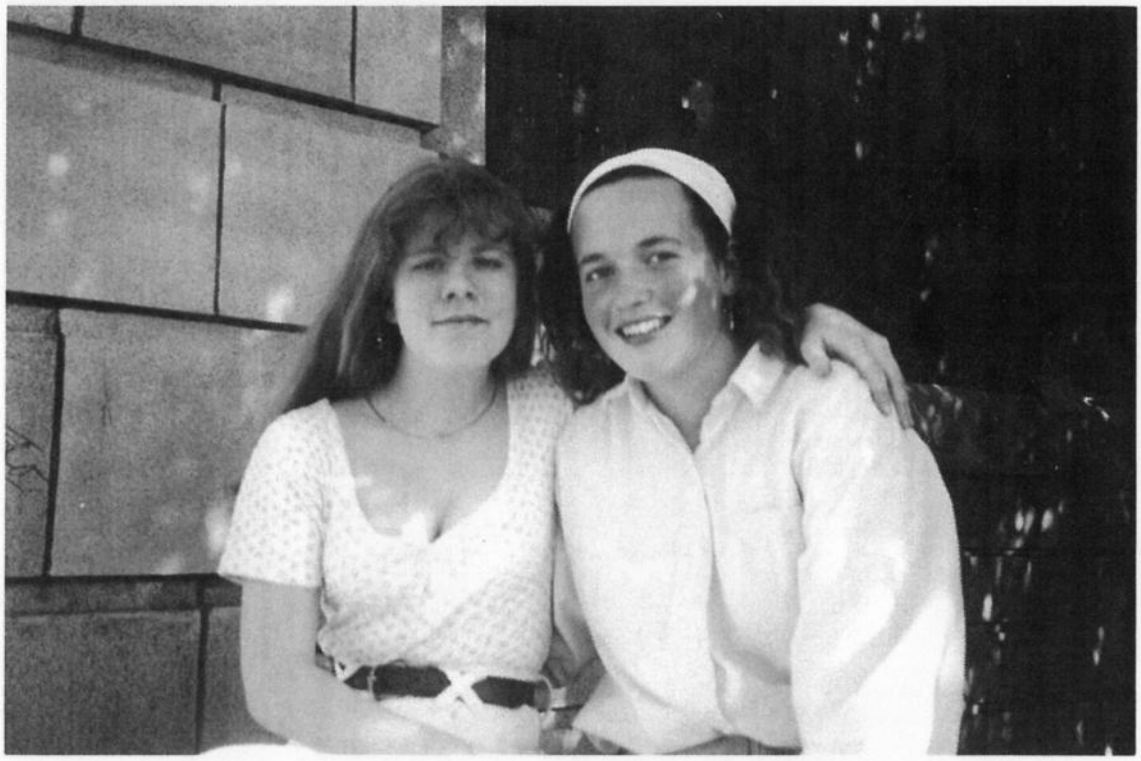
The Sky Club members visit the residents of the Oak Bay Pavillon each Wednesday after school. These visits are enjoyed by all.

This year they will attend the North West region Sky Club Conference of B.C., Washington, and Oregon in Hood River, Oregon on April 22,23, and 24.

BOWLING CLUB

In bowling Jenn Rewers, Samantha Robbins, Jessica Rowers, Jennifer-Leigh Noble, and team sponsor Mrs McCay led the league.

THE YEARBOOK COMMITTEE WOULD LIKE TO THANK THE MANY STUDENTS AND STAFF WHO TOOK THE TIME TO SMILE AND TO HELP US CONTINUE TO CELEBRATE OUR DIFFERENCES.



PAMELA AND SARA

Mr. Steffanick would like to thank the yearbook committee for the many long hours that they put in to ensure that all of your smiles would not go unnoticed.

VIC HIGH TYEES

The 1993/94 Vic High Soccer teams provided their fans with many exciting moments throughout the year.There were no weak positions on the field.

The season started off quite well for the boy's team,but it ended up that we needed to put the ball in the net in our last two league games in order to qualify for the Soccer Shield. It proved very frustrating as we continually controlled 90% of the play, hit cross bars, goal posts but couldn't finish it off. The girl's suffered a similar fate. Still, our school can be very proud of their soccer team's. They always played hard for 90 minutes - they never gave up.

I feel there is a great deal of potential for Vic High to come together next year !

THUNDERBIRDS

Once again the Vic High Thunderbirds had an extremely successful 1993/94 season. Losing only two matches, the team played 3rd during league play. The highlight of the first season, however, had to be the win over Mt. Doug in the first round of the lower Island Play-offs which automatically gained us a birth to the B.C. Champions. Vic High beat Mt. Doug 7-4 in games (having lost to them by the same score during league play). It was a very exciting moment and I was very proud of the team for overcoming such odds.

I am looking forward to having half my team back next year! Well done Thunderbirds!

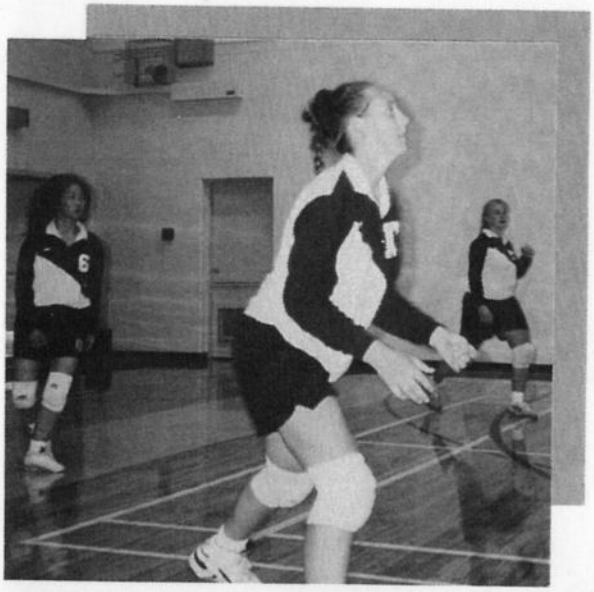
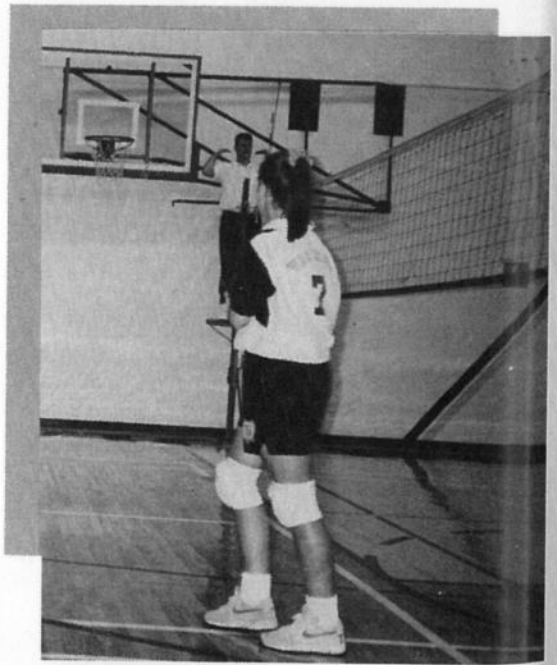
Vic High Volleyball





VIC HIGH VOLLEYBALL VIC HIGH VOLLEYBALL VIC HIGH VOLLEYBALL

This year the boys volleyball team started their climb to the B.C. championships under head coach, Don Bold, who was no stranger to the game of volleyball. The boys had a disappointing start to the season when they came in 10th in the Malaspina College Volleyball Tournament. In the next tournament, which was our very own Vic High Tournament, the team pulled together and rose to the occasion. By defeating the Grad Team 2 out of 3 games the Tsasquates walked away with the 1st place trophy. After their convincing victory the team had to focus on the task that was to come, league play. During league play, the boys met up with some very strong teams like Belmont and Mt. Doug. At the end of the league schedule, the Tsasquates advanced to the Island Championships in 3rd place.

Left to Right: Don Bold, Nathan Black, John Miller, Jeff Jackson, Chris Adams, Kiet Nguyen, Joel Krich, Alex Blais, Mark Tanner, Ian Lee, Tristen Krueger, Brian Chan.

The Island Championships were held at Dover Bay in Nanimo. There the boys met up with the top teams on Vancouver Island. After two days of play, it came down to one game. The deciding match was against Max Cameron, last years Island Champions. The boys forced Max Cameron into a 3rd game which ended in a 16-14 victory for Max Cameron. As the tournament came two an end Vic High was caught in a 3 way tie for third. The 2 point loss to Max Cameron was the difference between going to the B.C. Championships and placing 5th over-all.

The boys had a very successful season but the most important thing they learned was that it was possible to get from Victoria to the far end of Nanimo and only use the brakes 5 times. Well done Tsasquatches!

Tikis

Practise the first day of school! Practise the second day of school! This was coach Donna Blackstock's way of preparing the Tikis to their rise to the top. With a team of experienced veterans and enthusiastic rookies, they were ready to take on any challenge.During league play the Tikis showed early signs of a promising team by defeating what was to be the 1993 B.C. 'AA' Champions from Lambrick Park (the only team to do so). At the end of league play the girls went into the lower is- lands ranked in the number 3 position. They had a bad start when they let the first match slip away to Mt. Doug. After that disappoint- ing match they got their acts together and won four straight matches. When the results came out Vic High had claimed the City Champion- ship tro- phy and had gold med- als around their necks. This year was Vic High's chance to host the Island Championship Tournament on November 19th and 20th. From the best eight 'AAA' schools the Tikis were seeded number 1! After two days of gruelling play the girls defeated Campbell River, Mt. Doug, Oak Bay, and a very strong G.P. Vanier team. The girls wrapped up the season tied for 3rd with Belmont and Highland, but finished 5th overall on Vancouver Island. Congradulations on a very successful season Tikis!

A Time To Think

Of Others.

A Time To Think

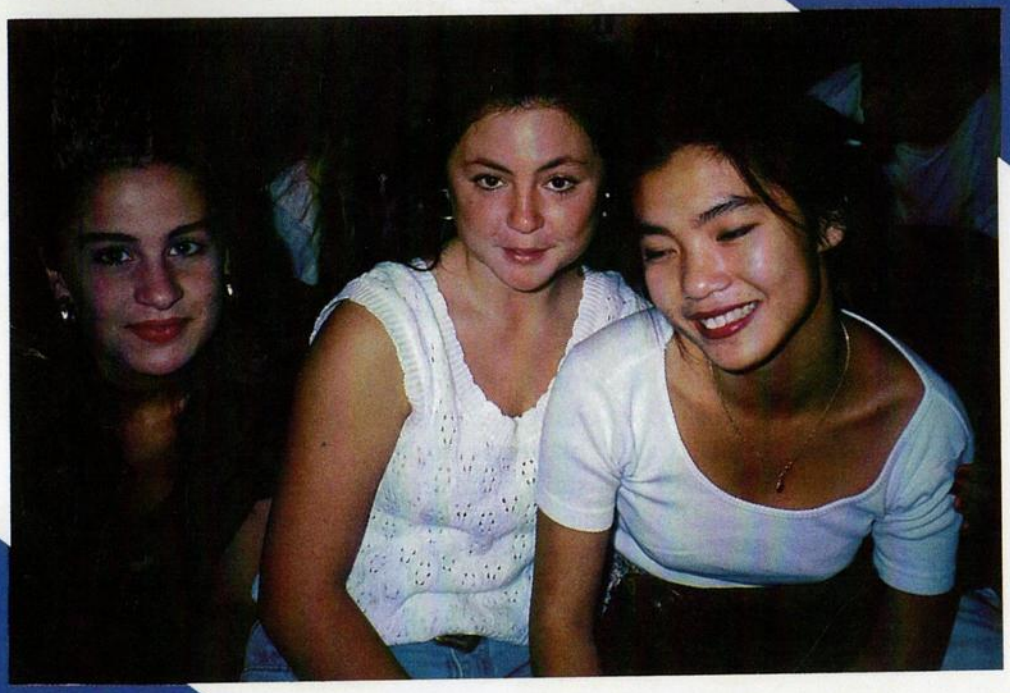
Of One's

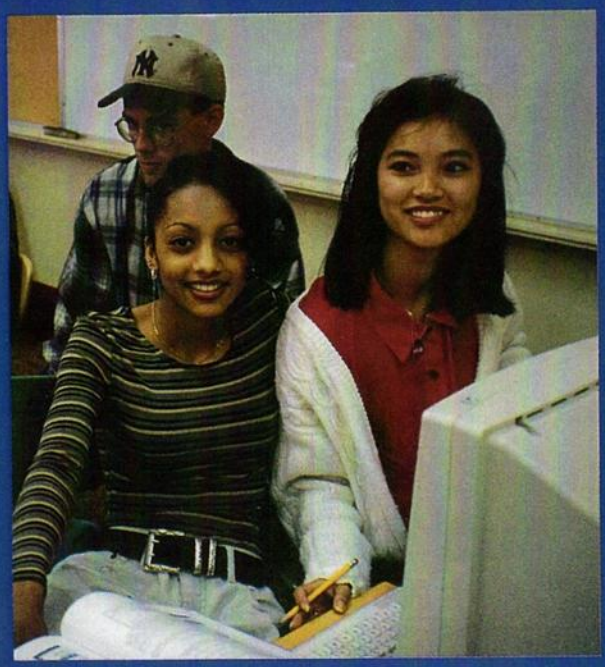
Future.

The character of Victoria High School, or any similar institution for that matter, is the result of a combination of influences: the principals, the staff, the students, the actual building housing it, the community, and the society in which it develops, all mixed and mellowed through the years. It is not a static thing, but ever changing, though slowly, as new individuals and conditions impose their stamp.

Hundreds of staff members have influenced thousands of students in the past 100 years at Victoria High. The students, in turn, have had an influence on the staff, and later on our society. No one has left the School without having been changed.

Grads





The words of Centennial Chairman L.J. Wallace hold true today," We continue to celebrate our differences. "

The contribution of the 1993 Major Award-recipients and the 1994 student body continue to serve as tangible evidence of the groundwork established by 123 years of effort more lasting and abiding than our monument in brick and stone.

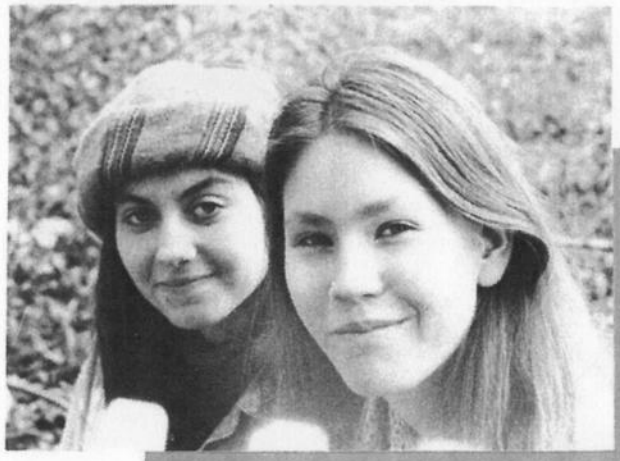
Celebrate Our Differences



FRIENDS...

**Friends are two people who are close
enough to argue and still be willing
to talk to each other.**

**Friends can be any kind of human,
black, white, boy, girl, or yes! even
two boys or two girls - and can include
mother and daughter.
It doesn't matter, just as long
as individuals can trust, forgive, encourage,
and listen to each other.
These are just a small amoumt
of things that friends can be.**

Most of all friends are forever...

Christine White
